THREE WEEKS TO ELECTION.

Republicans to Your Peas!

On Tuesday, the 8th of November, three weeks from to-day, the People of Wisconsin will again be called upon for their verdict on the questions of State and National politics which divide the two great parties of the country. The election this year is indeed for State Officers only, but National issues enter largely into the contest. The ticket nominated by the Republicans is admitted to be the best yet presented for the suffrages of the electors of this State. In point of character and experience, the Republican candidates have certainly the advantage of their Democratic competitors. During the last two years, moreover, three Departments of the State Government have been in Republican hands, and we are entirely content that the People should judge of the merits or demerits of Republican rule, by the manner in which those trusts have been discharged. The Executive Office has been filled by Alexander W. RANDALL, our candidate for re-election. Neither friends nor foes will deny, that he has made an honest, efficient and independent Governor. He has kept aloof from all cliques; he has not pandered to any local or private interests; he has opposed all special legislation; he has diligently sought, and steadfastly labored for the best interests of the whole State; no stain or suspicion of corruption attaches to a single act of his administration; he has proved himself, in every emergency, fit for the post and faithful to his trust. He has fairly won and enjoys the respect and confidence of the great body of the people; and we greatly mistake the signs of the times if he is not reelected by a decisive and decided majority.

The Treasury Department, under the management of Mr. HASTINGS, speaks for itself.

All who have had dealings there, during the past two years, admit that Mr. HASTINGS is the best business man who has yet had charge of the State finances. The results are more eloquent than words would be.

For the first time since the organization of the State Government, the floating debt is all paid off, there is a handsome surplus in the Treasury, and the tax is the lightest we have had since the Administration of Gov. FARWELL. We do not know, in all Wisconsin, a finer man for State Treasurer; or one who would discharge the duties of the office with more intelligence, fidelity and business tact, than SAMUEL D. HASTINGS. To doubt his triumphant re-election, is to doubt the capacity of the people for self-government.

The State Prison, during the last two years, has been in charge of Mr. McGRAW. We have frequently borne our testimony to his admirable qualities as a State officer; and now that he is not a candidate for re-election, even his political opponents admit his superior qualifications, and the News has declared that he was as good an officer as the State ever had. Such is the record of the Republican State officers, who have been tested by the experience of the current Administrative term. Is it not eminently satisfactory? Shall the people hesitate to continue the power in the hands of those who have so faithfully acquitted themselves of the trusts committed to their keeping two years ago?

Associated on the ticket with Governor RANDALL and Treasurer HASTINGS, are Messrs. NOBLE, HARVEY, HOWE, VAN STENWICK and HEG—all well-known, intelligent and reputable citizens, abundantly qualified to fill the posts for which they have been respectively nominated. Let the people of Wisconsin ratify these nominations at the polls, and our word for it that two years hence the record of every department of the State Government will be as clear and satisfactory, as are those of the Executive, the Treasury and the State Prison now.

But in addition to these topics of State interest, grave and important, National issues enter into the contest. The R-publican candidates stand upon the platform of OPPOSITION TO THE EXTENSION OF SLAVERY—REFORM IN THE ABUSES AND RETRIBUTION IN THE EXPENDITURES OF THE FEDERAL GOVERNMENT—JUSTICE TO THE WEST AND TO THE INTERESTS OF FREE LABOR—IMPROVEMENT OF OUR WESTERN RIVERS AND HARBORS, and ENCOURAGEMENT TO HOME ENTERPRISE AND INDUSTRY—AND HOMESTEADS FOR THE LANDLESS IN PUBLIC DOMAIN. The nominees of the Sham Democracy represent precisely opposite opinions. Their Party in the last two Congresses slaughtered the HOMESTEAD BILL; opposed River and Harbor appropriations; denied all protection to American Manufacturing industry, trampled upon the rights and interests of the West; favored, in every way, the extension of Slavery; and yielded on all occasions, unfeeling obdience to the behests of the Slave Power.

It cannot be that the FRIENDS of Wisconsin, by their votes, endorse such odious principles and policy, or support candidates who adopted them. It will not be, if the verdict of Wisconsin, on the 8th of November, is a full and fair one. Let it be the resolve, then, of every man in Wisconsin who clings to the Republican faith, as the ark of our country's prosperity, honor and safety, to attend the polls on election day, and give his voice and vote, his influence and efforts, to the cause of FREEDOM, JUSTICE, WESTERN RIGHTS and HOME INTERESTS! Remember, we shall have three weeks more for the indispensable work of ORGANIZATION. Let that time be well employed, and not a shadow of doubt exists that a glorious triumph will crown the Republican arms.

CONCLUDING.—Randall's administration is in many respects like Harrow's, and the Republicans are now calling on the Governor to aid them in the cause.

—Ed.

The Beaver Dam Democrat is a HOBART organ, and follows the example of its chief, in whistling "Barlow and the Balance," down the wind.

The Republicans have made no "call" upon the Ex-Governor Harrow to "aid them in the cause"; but the Honorable men have "protested" against such "aid," and insist that they can do without it.

There were large movements at Saturday's sales, some 22,000 bushels No. 1 wheat at \$1.02 per bushel, and \$1.05 per bushel, several lots of No. 2 wheat, and extra ranged from \$1.05 to \$1.10 per bushel. The report of foreign news, however, depressed the market somewhat, and was followed by a decline of 2¢, making No. 1 wheat \$1.00 per bushel, and the others \$1.03 per bushel. This was lower, but buyers were more numerous. There was more than usual activity in the market, the foreign sales exceeding 8,000 bushels at \$1.05, \$1.07, and \$1.10 per bushel, or to buy for delivery to safe country Spring Extra, \$1.05, \$1.07, for choices, and \$1.09 per bushel for City. The flour market was also unfavorably affected by the foreign news in the afternoon, and while no sellers were to be found, there was no disposition to buy. The market was very quiet, and the price of flour was lower. Therefore, report the market, and lower, though the feeling at the close might warrant us in saying it had a downward tendency. Not much more is known, and very light receipts. The market for barley was not so active, but prices were unchanged. The day advanced 2¢, and was followed by a decline. The grain market was also a shade lower, offering at \$1.00 per bushel. This was lower, and the price of oats was also lower.

Grain market, Oct. 16th, 1859. Total 1,773 bushels, 200 bushels corn, 15,265 bushels wheat, 4,745 bushels barley.
